

# BRADFORD TEXTILE INDUSTRY CHALLENGE 2014

THIS CERTIFICATE IS AWARDED TO

*Olena Zayats*

## MEMBER OF THE WINNING TEAM

FOR DELIVERING THE BEST PROPOSAL TO HELP REVIVE BRADFORD'S TEXTILE INDUSTRY

On January 27th until February 3rd 2014 five inter-disciplinary teams of visiting students from Ukraine and Belarus alongside University of Bradford and College students were working on a real-life challenge in an "innovation lab" format. The task was to develop and research an idea in response to the identified challenges to help revive Bradford's textile industry. With input from industry, experts, and mentors the teams produced a "concept paper" and a video presentation, learned about the local economy, innovation and enterprise in the circular economy framework. Throughout the Challenge all teams exhibited commitment to the task, drive and creativity.
